0A9 Elizabethton Municipal Airport

Aviation Moves Tennessee

Tennessee's aviation system has 76 public-use airports that support a wide range of activities, from commercial airline travel to private aircraft operations. Aviation contributes approximately 9% of Tennessee's gross domestic product (GDP) and generates an estimated $53.8 billion in total economic impact across the state. To better understand how these airports support Tennessee's economy, the Tennessee Department of Transportation (TDOT) Aeronautics Division conducted an updated Aviation Economic Impact Study.

About Elizabethton Municipal Airport

Supporting the City of Elizabethton and surrounding communities in Carter County, northeast Tennessee, Elizabethton Municipal Airport (0A9) provides general aviation access within a largely rural area shaped by hills, open countryside, and small towns. The airport serves as an important transportation resource for regional travel, local businesses, and visitors in an area where aviation supplements longer surface travel distances.

Elizabethton Municipal Airport is a publicly owned, public-use general aviation facility featuring a 5,001-foot runway capable of accommodating a variety of general aviation aircraft. The airfield supports recreational flying, business travel, and training activities, enhancing regional accessibility and accommodating a wide range of aviation needs.

Several aviation-related tenants operate directly at the airport. Avis Car Rental maintains an on-airport presence, providing rental car services, while Tennessee Flight Services offers pilot training and aviation support services.

To better understand the geographic reach of Elizabethton Municipal Airport, the map below shows a selection of flights that operated both into and out of the airport.
