# GCY Greeneville Municipal Airport

**Aviation Moves Tennessee**

Tennessee's aviation system has 76 public-use airports that support a wide range of activities, from commercial airline travel to private aircraft operations. Aviation contributes approximately 9% of Tennessee's gross domestic product (GDP) and generates an estimated $53.8 billion in total economic impact across the state. To better understand how these airports support Tennessee's economy, the Tennessee Department of Transportation (TDOT) Aeronautics Division conducted an updated Aviation Economic Impact Study.

## *About Greeneville Municipal Airport*

Serving the Town of Greeneville and surrounding areas of Greene County in northeast Tennessee, Greeneville Municipal Airport (GCY) provides general aviation access within a region that includes small communities, industrial activity, and healthcare services. The airport functions as an important aviation resource for business travel, public-service operations, and regional mobility in an area where air transportation supports both local industry and essential services.

Greeneville Municipal Airport is a publicly owned, public-use general aviation facility featuring a 6,301-foot runway capable of accommodating a wide range of general aviation aircraft, including business jets and specialized operations. This runway length allows the airport to support corporate aviation, public-safety missions, and visiting general aviation activity while enhancing regional accessibility.

A number of aviation-related businesses operate directly on-airport. Charlie Bumpass conducts aviation operations associated with rescue, fire, and law-enforcement activities, while Robin Shepherd operates an on-field air transportation business. Companies such as the Walmart Distribution Center and Ballad Health also utilize the airport to support business travel.
