# GHM Centerville Municipal Airport

**Aviation Moves Tennessee**

Tennessee's aviation system has 76 public-use airports that support a wide range of activities, from commercial airline travel to private aircraft operations. Aviation contributes approximately 9% of Tennessee's gross domestic product (GDP) and generates an estimated $53.8 billion in total economic impact across the state. To better understand how these airports support Tennessee's economy, the Tennessee Department of Transportation (TDOT) Aeronautics Division conducted an updated Aviation Economic Impact Study.

## *About Centerville Municipal Airport*

Serving the City of Centerville and surrounding areas of Hickman County in Middle Tennessee, Centerville Municipal Airport (GHM) provides general aviation access within a largely rural area characterized by small communities, open land, and local business activity. The airport functions as a community aviation facility that accommodates general aviation operations and aviation services where air transportation complements surface travel.

Centerville Municipal Airport is a publicly owned, public-use general aviation airport featuring a 4,002-foot paved runway. The runway length supports light general aviation aircraft and maintenance-related operations, making the airport suitable for local aviation activity, short-range travel, and regional accessibility.

An aviation-related business operates directly on-airport. Pursuit Aviation maintains a presence, providing aircraft maintenance and repair services that support both based and visiting aircraft.

To better understand the geographic reach of Centerville Municipal Airport, the map below shows a selection of flights that operated both into and out of the airport.
