M02 Dickson County Municipal Airport

Aviation Moves Tennessee

Tennessee's aviation system has 76 public-use airports that support a wide range of activities, from commercial airline travel to private aircraft operations. Aviation contributes approximately 9% of Tennessee's gross domestic product (GDP) and generates an estimated $53.8 billion in total economic impact across the state. To better understand how these airports support Tennessee's economy, the Tennessee Department of Transportation (TDOT) Aeronautics Division conducted an updated Aviation Economic Impact Study.

About Dickson County Municipal Airport

Located in the City of Dickson and surrounding areas of Dickson County in Middle Tennessee, Dickson County Municipal Airport (M02) supports a largely rural region defined by open land, small communities, and agricultural activity. The airport provides general aviation access in an area where aviation supports local business activity, training operations, and regional travel.

Dickson County Municipal Airport is a publicly owned, public-use general aviation facility featuring a 5,001-foot runway capable of accommodating a variety of general aviation aircraft. The runway supports flight training, business aviation, and recreational flying, making the airport an important transportation resource for the local community and surrounding rural areas.

Several aviation-related tenants operate on-airport. Chuson Aviation maintains an on-airport presence specializing in aircraft maintenance and repair services, including Mitsubishi MU-2 aircraft and other aircraft types. In addition, Liberty Aviation operates on-field as an aircraft maintenance provider supporting based and transient aircraft.

To better understand the geographic reach of Dickson County Municipal Airport, the map below shows a selection of flights that operated both into and out of the airport.
