# MBT Murfreesboro Municipal Airport

**Aviation Moves Tennessee**

Tennessee's aviation system has 76 public-use airports that support a wide range of activities, from commercial airline travel to private aircraft operations. Aviation contributes approximately 9% of Tennessee's gross domestic product (GDP) and generates an estimated $53.8 billion in total economic impact across the state. To better understand how these airports support Tennessee's economy, the Tennessee Department of Transportation (TDOT) Aeronautics Division conducted an updated Aviation Economic Impact Study.

## *About Murfreesboro Municipal Airport*

Serving the City of Murfreesboro and surrounding areas of Rutherford County in Middle Tennessee, Murfreesboro Municipal Airport provides general aviation access within a rapidly growing region that includes healthcare, manufacturing, and business activity. The airport functions as an important aviation facility for business travel, emergency medical services, and general aviation operations in an area where air transportation complements interstate access and regional growth.

Murfreesboro Municipal Airport is a publicly owned, public-use general aviation airport featuring a 4,753-foot runway capable of accommodating a variety of general aviation aircraft. The runway length supports business aviation, medical helicopter operations, and routine general aviation activity while enhancing regional accessibility.

Several aviation-related organizations operate directly on-airport. Murfreesboro Aviation maintains an airport presence as the fixed-base operator (FBO), providing fuel, ground handling, and support services for based and visiting aircraft. In addition, Vanderbilt LifeFlight maintains a presence conducting helicopter emergency medical transport operations. Titan Aviation Fuels also utilizes the airport to support business travel and industry-related operations.
